

Subject: 2010 WPF Golden Opportunity  
Date: December 26, 2009

USPF California is pleased to announce a Golden opportunity for the California USPF membership base. This Golden opportunity is geared toward ensuring the California USPF members participating in the 2010 WPF World Championships are provided with financial assistance to assist in their travel to Bath, England.

In recognizing that financial times are difficult, USPF California has devised a plan to support, enhance, strengthen, and ensure Golden representation during the 2010 WPF Championships in Bath, England.

To accomplish this goal, USPF California will begin placing a separate donation box on the USPF California ([www.powerliftingca.com](http://www.powerliftingca.com)) site and on all lifter registration forms during the 2010 Powerlifting season.

All donations accumulated during the year will be placed in a separate account and divided equally amongst all California lifters qualified AND scheduled to participate in the 2010 WPF Championships. Selection to Team USA is not required to receive funds from the 2010 Golden pot.

The success of this Golden opportunity will be a credit to the California membership base and participating sponsors. There is no minimum limit placed on the donations and a donation during the year is not necessary to benefit from this opportunity.

By participating as a donor you can be assured that the California lifters attending the 2010 WPF Championships will benefit and be appreciative of your generosity. As a sponsor, your organization will benefit from extended exposure and promotional efforts directed toward the Powerlifting community.

We're counting on your support, and will be happy to answer any questions you may have. Thank you in advance for your willingness to support the efforts of USPF California and make a difference in the Powerlifting community.

Sincerely,

*Steve Denison*
